

NAME: \_\_\_\_\_

Period: \_\_\_\_\_

Date: \_\_\_\_\_

## Worksheet – Day 5

### Training Capsule 25 - Choose Phrases

1. Speech recognition is a \_\_\_\_\_. If you speak in phrases, the software will calculate the probability of \_\_\_\_\_.
2. If you correct to phrases, the software mathematically calculates how frequently \_\_\_\_\_.
3. In Level 2 correction you should focus on correcting \_\_\_\_\_, not just words.
4. After trying to correct an error for some time, you should \_\_\_\_\_, and move on.
