Course Summary

Web Design 1 students are introduced to basic design principles and are able to design and develop Web-based sites using HTML/XHTML. Throughout the semester, students work on individual and collaborative in-class and on-line activities, presentations and individual projects. **If possible, student work will be posted on the class website.**

Required Supplies

- Notebook (Provided)
- Pen or pencil
- FHS Student Handbook or scheduling software i.e. Google Calendar for recording due dates

Attendance and Make-up Work

Attendance is critical to success at Fishers High School. ***Students have one day to make up work for every absence (2 days absent; 2 days to make up assigned work). It is the student's responsibility to obtain make up work from the teacher.***

Late Assignments

- 1 day late – 20% off
- 2 days late – 50% off
- 3 days late – zero grade

(Many unit assignments are not due until the latter half of the unit so several grades may be due at the same time.)

Access to ***Skyward*** aids greatly to note missing work. Make up work not turned in will be recorded as a zero score and will significantly affect a student's grade. Due to the high level work in the class work may need to be conducted after school or at lunch.

Deadlines

Deadlines will be announced or posted, usually on the class website via Gmail calendar. Students are expected to make a note of these deadlines, preferably in the FHS Student Handbook, and hand in or post work on time.

Late Arrivals (Tardies)

Students are expected to be ***in the classroom*** before the bell rings. On the second *late arrival* the teacher will call the parent. On the fifth accumulative late arrival for all courses the student will conference with the discipline dean.

Student Expectations

- ALWAYS show respect for all those present in the classroom. Proper attitude, attire, and activity are expected at all times.
- Be ready to work when the bell rings.
- Bring required materials to class every day.

Food and Beverages

No food and **only** water in a clear bottle is allowed in any computer lab.

Cheating/Plagiarism

Students who use one another's work as their own or who allow their work to be used by someone else will receive a zero (0) grade on that assignment. **This includes material obtained from the internet.** A second offence will result in a withdrawal from the class with a grade penalty. **Working together and helping each other is encouraged; copying someone else's work is cheating and will not be tolerated.** (Student Handbook)

Extra Help

I strongly encourage any student who wishes assistance to ask for help. I am available before school, during lunch, after school by appointment, and most planning periods (Period 4). Extra help is available, all the student needs to do is ask!

Student Dress

Fishers students are expected to maintain an appearance that is appropriate for school and conducive to the educational atmosphere. Students who violate the dress code will face disciplinary action. (Student Handbook)

Prohibited in FHS Computer Labs

Misuse of Computers listed in the FHS handbook and is considered a serious offence with a possible 1st occurrence infraction of up to 3 days ISS.

All technology (including phones) use must be approved by the teacher PRIOR to use. Prohibited in FHS computer labs:

- **general internet use** without teacher permission
- any game playing, emailing at any time without prior teacher permission
- **use of any flash device or BYOD** without prior teacher permission
- use of any music or video device
- accessing any HSE network other than ones own student directory
- compromising personal safety by visiting chat rooms, text sites, social media, or discussion forums
- downloading of any files without teacher approval (including MP3's and EXE's)

Internet or Flash drive use without teacher permission will result in a detention. Use of a proxy site or a mobile hotspot to avoid the district filtering system is considered a serious infraction and will result in an automatic discipline referral. (Student Handbook)

When in doubt, ask FIRST. Violators may lose lab and internet privileges and will receive the appropriate discipline according to the FHS discipline ladder.

Please sign this sheet to indicate you have reviewed these expectations together. Return this copy to the teacher. If you would like a copy to keep as your reference please ask for an additional copy.
